Local Druggist Dies At Work

A relief pharmacist at Munson Drugs was found dead by fellow staff members Thursday morning when they arrived for work.

James William Wilson, 63, has been in Terrace for the past two months working as a relief man at Munson Drugs on Lazelle Avenue. His home address is 700 Linden Avenue, Victoria. He is survived by his wife and an 18 year old son in that city.

Wilson's body was discovered at about 9:30 a.m. after other staff members found the drug-store doors locked with keys hanging from the inside. A second key was obtained and the RCMP called to the scene.

The elderly druggist was found on the floor of the drug-store dispensary office. It is believed he succumbed to a heart seizure shortly after arriving at work.

Terrace Coroner Fred Adames was in charge of an inquiry into the death.

Truckdriver Hurt In Woods Tumble

A Terrace logging truck driver, Duane MacDonald, 33, is in satisfactory condition in Mills Memorial Hospital following a loading accident Monday morning at Mink Creek about six miles south of Terrace, off Highway 25.

MacDonald a driver for JB Trucking Ltd. of Terrace is believed to have slipped off the bullboard of his truck while assisting with a loading operation. He fell first to the cab roof and then the hood of the vehicle, wrenching his back in the process.

Terrace Municipal ambulance was called to the scene and brought the injured trucker to Terrace.

The mishap occurred at about 9 a.m. as his truck was being loaded with timber.

Terrace Man Dies At Rupert

A 27 year old Terrace man was found dead beside his car Wednesday at 4 p.m. on Highway 4, three miles east of Port Edward.

Police said the man, Laszlo Guinics of 2810 Hall St. died from a bullet wound in the chest.

A .308 calibre rifle was found in the car with a discharged cartridge.

Guinics was found by Peter Brown of North Pacific Cannery who was driving along the highway when he spotted the body.

Coroner Earl Gordon has ordered an inquiry.

Police said the only known relative of the dead man is a brother in Middleton, Idaho.

BEARD YE, BEARD YE, is the word from Reeve A. F. Goulet, who Tuesday night exercised his vote to push a Beard Growing Proclamation through in Municipal Council. It's now law, men—you must grow a beard between now and July (if you're able!) or run the risk of being fined or—worse!

Hazeltons Hard Pressed In Main Mill Shutdown

Santa Claus didn't come through for 5000 residents of the Hazeltons this year and they may be faced with one of the blackest winters on record as a result.

They were looking for a B.C. Hydro power installation that would provide Hazelton Sawmills with sufficient electricity to assure steady operation on a year round basis.

Hazelton Sawmills Limited is the largest single employer in the area, with a total monthly payroll of some \$200,000. Right now its saws are silent and about 225 men are idle because of a major breakdown and fire in the mill's private power generating unit.

The shutdown is expected to last at least two months unless B.C. Hydro can bring in portable emergency power generators.

When the mill was temporarily shut down after a damaged crankshaft in the company's generating unit cut off the power supply.

Operations resumed on December 5 but lasted only for a month. On December 31, during temporary interruption of B.C. Hydro power, which supplies electricity for the company's auxiliary cooling pumps, the main mill powerhouse engine overheated and caught fire, causing heavy damage to the unit and forcing complete shutdown of the mill and its woods operation.

Without the revenue produced by Hazelton Sawmills the villages of Hazelton, South Hazelton and New Hazelton are already beginning to feel the pinch.

Long range predictions by local retailers are anything but encouraging. They are not looking forward to the remaining months of the winter season. Normally the months of January and February would be top activity months in the logging industry there.

This week a letter outlining the seriousness of the current situation and asking for immediate assistance went out to the Honorable R. G. Williston. It was endorsed by some of Hazelton's leading citizens. Among them were E. L. Freer, president Local 171-IWA; H. L. Wale, Chief Councillor, Hazelton Native Brotherhood; Wm. Blackwater, Chief Councillor, Kispix Band Council; Joe Daniels, District vice-president of the Native Brotherhood of B.C.; R. W. Sargent, president Hazelton Chamber of Commerce, and Reverend Terence T. Whyte, Hazelton Pastoral Charge, United Church of Canada.

B.C. Hydro manager for Hazelton, Micky Allum offered "no comment" when questioned on the matter. Tuesday he suggested that B.C. Hydro's Northern Regional Manager Stu Bunnell of Prince George might be able to offer some information.

A group headed by Freer of the IWA was in Terrace on Tuesday for talks with Dudley Little, MLA for Skeena, and with Frank Calder, MLA for Alton.

Freer said the situation in Hazelton is "very, very serious."

Negotiations Cut Off For Now In Little Property Deadlock

PROCLAMATION

WHEREAS the year 1967 is the Centennial Year of this our gracious Country;

AND WHEREAS the Council of the Corporation of the District of Terrace after such solemn deliberation as seemed fit and appropriate, deems it desirable that all male citizens of the District of Terrace should commemorate this year;

NOW THEREFORE be it known that the Council of the Corporation of the District of Terrace hereby proclaims that every male member of the community of the District of Terrace shall from the 15th day of January, 1967 to the second day of July, 1967, if he is so able to do, suffer, permit and allow the hair on his face to grow.

AND FURTHER the Council of the Corporation of the District of Terrace decrees that failure by any male person to comply with this proclamation is an offence against the District of Terrace and that such failure or omission shall render the offender subject to penalty too terrible to mention here or in the alternative to an appropriate monetary fine.

ALL citizens are further advised that proceeds of such fines will during the Centennial Year go to the Centennial Library Museum Chamber of Commerce building fund for the construction of the Centennial Library Museum Chamber of Commerce Building.

DATED at Terrace, British Columbia this 10th day of January A.D., 1967 and signed by His Worship A. F. Goulet, Reeve, Corporation of the District of Terrace.

A. F. Goulet
Reeve

Building Slump During Last Year

Building in Terrace dropped off during 1966 as the number of building permits issued during the year showed a decrease over those issued in 1965.

A total of 230 permits valued at \$2,991,104 were issued last year as against 245 at \$3,376,028 in 1965, a decrease of \$384,924.

The figures were revealed in the Municipal building inspection report issued here recently. Inspector E. H. Thomas noted a slight decrease in the number of plumbing permits issued with 134 going out in 1966 and 153 in 1965.

Occupancy permits were up slightly however, with 175 issued last year and only 127 the year before.

Building for the month of December surged slightly over the same period in 1965 with 5 permits valued at \$123,080, an increase of \$19,907 over December, 1965.

Among the December building permits was one valued at \$96,180 covering a powerhouse installation at the vocational school site.

Also listed with December permits was one valued at \$25,000 issued to the Terrace Co-op Association and covering the construction of a bulk storage plant near the CNR trackage.

Into The Hills And 23 Skidoo

The solitude of Terrace's hilltops and mountainsides has been invaded these past few weekends by Skidoos, Huskie snow cruisers and various types of snowmobiles, as parties of sport enthusiasts enjoy the beauty of the area's winter wonderland.

Trips have been made to Nelson River, some 16 miles north on West Kalum Road, up Copper Mountain and along various branch roads on Twin River logging claims.

Ray Skoglund, a spokesman for one of the groups, is enthusiastic over the "wonderous beauty" of the snow-covered countryside and has taken many pictures.

So impressed are some of the participants that they are seriously contemplating entering the Snowmobile Regatta in Vernon on February 4 and 5.

Another Year of Shaky Supply For Terrace Water Consumers

Municipal Council has reached a deadlock with Dudley G. Little, spokesman for the Little family that owns property known as Little's Island, on which an infiltration gallery, pumphouse and access road were proposed for construction as part of a new water supply system next year.

Little stands fast in his wish to lease the land to the Municipality on a 20 year basis, and the provisions of the Municipal Act do not allow for a lease of this duration. The Act only allows for a five year lease without going to the electorate for a vote.

Little wants \$50.00 a month for 20 years for the 1.862 acres. The block of land includes 1.53 acres which the Municipality had hoped to obtain for the water system installation.

At a meeting of Municipal Council on Tuesday evening Councillor Norton urged that expropriation procedures get underway at once so that no further delays will take place.

Councillor Lane asked whether Little would consider selling "outright" and was told by Reeve Goulet that the answer is "no."

Asked whether the matter has been under consideration for a long enough period, Councillor Norton replied, "Oh yes — this was brought up when I first heard it, in 1965. It's hung around long enough and it should have been done this time last year."

Councillor Jolliffe expressed his reluctance to proceed with expropriation now that the time for installation of the gallery is past for this year. The work has to be done while the Skeena River is at its lowest ebb.

Some of the preliminary work has already been carried out on the Little property and Councillor Harry Smith said Tuesday, "Well we can't do any more work down there unless we have legal access to the property."

Councillor Jolliffe urged that negotiations be dropped and alternate locations considered before expropriation procedures are undertaken. He also pointed out that if the new system cannot get underway this year some work must be carried out at the Spring Creek intake in order to prevent a serious water shortage this summer.

He said, "I for one would like to read these engineers reports before we get into expropriation."

On a motion from Councillor Jolliffe it was decided that negotiations with the Little family be dropped, for the present, that all reports be read, and that further consultation with Willis & Cunliffe Engineers should be held.

"I don't favor expropriation at this time," he said.

Councillor Norton summed it up with, "All that I hope is that the people of Terrace will have water."

To this Councillor Jolliffe replied, "The fact is that we can't do anything and I think we should first look elsewhere and certainly do some work on that intake up there."

There is \$20,000 allocated for improvements to the present water intake.

The matter will be perused at a Committee of the Whole meeting scheduled for tonight.

C of C Speaker

THOMAS ELLIOTT

GUEST SPEAKER at installation meeting of Terrace and District Chamber of Commerce in Veritas auditorium January 27, will be Thomas Elliott, manager of B.C. and Yukon Chamber of Mines. He has been associated with this chamber for over 30 years and for the past ten years as manager. He is a recognized authority on mining exploration and financing of mine intervening years. Mr. Elliott has had a close and friendly association with a large number of prospectors and mining exploration people active in Canada's Pacific Northwest. Mr. Elliott has been particularly active in the training of prospectors, helping to organize and conduct a winter series of classes operated by the Chamber of Mines.

TRAIN THRU TWICE BUT WON'T STOP

Last minute efforts are being made by Terrace Centennial Commission and by MP for Skeena Frank Howard, to have the Centennial Confederation Train stop over in Terrace next month.

The train is scheduled to pass through here twice but Terrace has not been included in its viewing schedule.

It will visit Prince Rupert February 16 and 17 and Prince George February 16 until 21.

Kids With Matches Cause Most Blazes

'Children playing with matches' was the largest cause of fire in Terrace during 1966, it was learned here this week.

Twenty of the 95 fire calls answered by Terrace Fire Department during 1966 were attributed to youngsters with matches. This was a decrease over the previous year when children were blamed for 40 fires in the community.

The total of 95 fire calls during last year was a slight drop from the 112 calls answered in 1965.

Heaviest increase noted in the annual Fire Chief's report issued Monday by Chief Andy Owen, was the building and content loss, estimated at \$129,371 during 1966 as against \$43,000 during the previous year.

No lives were lost in 1966 fires while 1965 had a death toll of three.

In giving a breakdown of the causes of fires during the year Chief Owen said 14 were due to careless smokers, 13 were from flooded oil burners, six were chimney fires, 20 were

He attributed most of the decreases to a generally wet year. Losses were up mostly because of the nature of at least two of the year's blazes. The largest during 1966 was a blaze that caused some \$75,000 in damage to Webber's Sawmill. Another heavy loss fire occurred at The Motel during November.

During 1966 the Terrace Fire Department carried out 741 inspections and answered 160 ambulance calls.

During 1966 the Terrace Fire Department carried out 741 inspections and answered 160 ambulance calls.

MELTING POT ...

Guess who's expecting...

ONE OF THESE DAYS Northern B.C. is going to give birth to "live" television. It's bound to be one of the healthiest babies ever born in this area because, already it has enjoyed the longest gestation period in history.

"Live" television has been in the making for the past 10 years and has been on the verge of delivery for the past four. But the fact remains—we in the North are still not passing out any cigars.

A pre-Christmas newscast announced that Secretary of State Judy La Marsh was totally impressed with a deluge of Christmas cards received from the people of Northern Manitoba. So impressed was the lady Cabinet Minister that she actually said she would attempt to put "live" television into the Northern Manitoba region this year.

Our immediate reaction to such a ridiculous proposal was one of complete amazement. For years some of our biggest business and community development heads have been writing letters, making phone calls, issuing editorial pleas, flying to and from Ottawa, and virtually crawling on hands and knees in an effort to get the CBC to pay some attention to the Northern part of this province. All we really needed was a bushel of Christmas cards and letters of greeting, waxing happy, happy.

Make no mistake—Northern B.C. television viewers have every bit as much right to expect consideration from the Government of Canada and the CBC as Northern Manitoba viewers.

Flin Flon viewing area boasts only 7,000 television viewing households as against our 11,200. And their area is a closed circuit area, whereas ours is a completely commercial, thanks to the pioneer work done by Skeena Broadcasters Ltd.

One of the favorite fairy tales issued out of Ottawa is that "live" television in Northern B.C. would cost too much. Hans Christian Andersen would have loved that story. It even beats the ones about dragons and golden eggs and wand-waving wonder women.

For the people of Northern B.C. to have "live" television it would cost slightly less than \$5.00 per person per year. That's right! Only \$250,000 a year rental fee for the services offered through B.C. Telephone microwave.

Residents of the North spend 15 times that much each year for liquor alone. Here's another one—the average wage earner in Northern B.C. kicked back \$900 in income tax to both Governments last year. This year it will be even more.

Figure it out. If the Government took \$5.00 out of that \$900 as your portion of the annual cost for "live" television, they'd still have \$850 to play around with, plus the additional revenue realized from the completely commercial television area they would be serving.

We could go on and on but it really wouldn't make much difference. The hard truth of the issue is that the Federal Government is giving Northern B.C. television viewers the run-around. It hasn't been able to come up with a valid excuse in the last 10 years. We doubt it will be able to come up with one this year.

Perhaps we'd get better results if we stopped paying our income tax with hard earned bucks and started sending in Christmas cards instead. All we ask is an official birth announcement for that long-overdue "live" television baby!

Injunctions & the courts...

THE APPARENT failure of the campaign against the use of court injunctions in labor disputes to catch fire even among labor activists is revealing.

Most rank and file unionists, it seems, will not allow themselves to be persuaded that the courts will grant injunction applications without good and sufficient cause. That says much for their individual common sense.

Experience on the picket line, too, may well have influenced many. After all, even millions of people who have never picketed anyone or anything in their lives know what can happen on such occasions, thanks to the ubiquitous television camera.

But most of all, one suspects, the anti-injunctions campaign is failing to get off the ground because of the general respect in which the Canadian judiciary is held. Most people just won't buy the notion that the courts are biased one way or the other, or that they act contrary to the evidence.

The results of the most recent Canadian Institute of Public Opinion poll on the subject would seem to bear this

out. On the strength of this, more than half the Canadian population (54 per cent) approves of the issuing of court injunctions where there is mass picketing of strike-bound plants. Only 25 per cent disapproves, while the remaining 21 per cent is undecided.

Significantly, even among unionists, more favor the continued use of injunctions than are opposed (46 per cent versus 35 per cent) with 19 per cent undecided. Non-unionists favor it by 57 per cent to 21 per cent, with 22 per cent undecided.

In short, most Canadians see a court injunction for what it is: a means of rapid legal protection against illegal activity or the threat of it.

It is a remedy available to any Canadian who feels his own rights under the law are being interfered with or imminently imperilled by someone else and who can so convince a judge. As such, it is a remedy which must never be circumscribed and be as available to an employer as much as to any other citizen.

—Journal of Commerce Weekly.

Second Music Festival Swinging Into Action

There's plenty of activity coupled with a hush of expectancy amidst members for the 1967 Terrace Music Festival, scheduled to take place here April 19 to 22.

Entries are beginning to come in fast as the deadline of February 1, moved closer. Any one wishing to participate in this year's festival is asked to get his or her entry forms in to secretary, Mrs. Joey Milliken, Box 197, Terrace, as soon as possible.

This year's Music Festival

'Canada' Written By Bob Gimby

The Centennial Song "Canada" features two of the greatest and most effective common denominators of Canada... music and children. "Canada" was written for the Centennial Commission by well-known Canadian composer Bobby Gimby who for many years performed on the famous old "Happy Gang" radio show.

Composer Gimby came up with the idea for the Centennial song while watching a group of French Canadian children marching and singing folk songs during a parade in honour of St. Jean Baptiste Day. It occurred to him that the use of French and English children side by side could tell the story of what Canada is all about — what better way to show how effectively the two main cultures of this country can stand together in full harmony.

Here are the lyrics, unique in that they are bilingual.

Gimby Song No. 1

English Version
 Ca - na - da
 We love Thee
 Ca - na - da
 Proud, and Free

North, South, East, West
 There'll be Happy Times
 Church Bells will Ring, Ring, Ring

It's the Hundredth Anniversary of Con - fed - er - ation

Every Body Sing, to-gether

Ca-na-da
 Notre pay-ee (pays)
 Ca-na-da
 Long - ue Vie

Hurray, Vive le Canada!
 Three Cheers, Hip, Hip, Hooray!

Le Centenaire!

That's the order of the day

Freres Jacques, Freres Jacques

Merrily we roll along

Together, all the way

More About "Sunday"

The Editor, Terrace Herald:

I am sorry to hear that the

Prince Rupert Knights of Colum-

bus do not want any of us to

see any TV program of which

they disapprove, even though

they have not seen it either.

I am even sorer to hear that

this minority is actually able

to have shows it does not like

removed from our network.

From what I have read of this

program in the papers, I doubt

if anyone of any age could

be harmed by it.

If the K.C.'s really believe

this program is dangerous, they

should all turn off their TV

sets and engage in some mor-

ally uplifting activity such as

Bingo until the program is

over.

This would ensure the contin-

ued purity of their own people

without trampling on the rights

of the rest of us.

Smythe Heads Committee As Fitness Plan Launched

The first quarterly meeting of the Thornhill Recreation Commission took place January 3. Two new committees were appointed, the first being a committee for physical fitness with Gary Smythe as chairman. This committee will be responsible for the planning and instruction of a varied fitness and athletic program for all age groups.

The second committee appointed will be headed by William Bloor. He will be responsible for the master plan committee which has been assigned the task of long term planning of recreation and adult education activities. Their first major project will be to conduct a comprehensive survey of the area in order to determine the recreational requirements of the community as well as locating potential leaders and talent which could be called on when required.

Terrace and District school board has approved the use of Thornhill school for recreation activities. Tuesdays, Thursdays and Saturdays will be set aside as the days in which the school facilities will be available for community recreation. The Commission is grateful for the support and confidence extended to them by the school board.

The ice-break-up contest which was to be held this winter has been postponed until next year. Mild weather and uncertain conditions were given as the reasons for the postponement. Erwin Jewellers are donating the timing device for this contest.

A variety of suggestions were discussed as possible activities which could be sponsored by the Recreation Commission. Along with a fitness program, volleyball and badminton are being considered. Dancing for both the teenage group and adults as well as bingo and a bridge club are also being studied. Suggestions from the community are welcomed by the Recreation Commission at any time.

A variety of suggestions were discussed as possible activities which could be sponsored by the Recreation Commission. Along with a fitness program, volleyball and badminton are being considered. Dancing for both the teenage group and adults as well as bingo and a bridge club are also being studied. Suggestions from the community are welcomed by the Recreation Commission at any time.

The Recreation Commission is grateful for the support and confidence extended to them by the school board.

The ice-break-up contest which was to be held this winter has been postponed until next year. Mild weather and uncertain conditions were given as the reasons for the postponement. Erwin Jewellers are donating the timing device for this contest.

Measles Immunization Termed Very Successful

A scientific assessment of a pilot program in measles immunization carried out late in 1966 by the Skeena Health Unit, has not yet been completed but local Health Unit officials have termed the program a success.

Dr. Donald E. Luck, director of the Skeena Health Unit, told news media this week preliminary indications show there was some incidence of high fever among some of the children receiving the measles vaccine but that parents appeared very pleased about the immunity offered.

The program came following a severe epidemic of measles among children in the Skeena Health Unit area early in 1966. Measles vaccine, although accepted by all professional circles, was not used immediately on a widespread scale, partly due to the prohibitive cost.

Later in the year it was decided that an immunization program should get underway in the four major centres of the health unit and plans went ahead in Prince Rupert, Terrace, Kitimat and Smithers.

The program was widely publicized and many volunteer helpers were quick to come to the assistance of the Unit in setting up the schedules.

The immunization series consisted of an injection of Beckenham Strain vaccine, a follow-up clinic visit and a parent's questionnaire.

In Terrace, 280 children received the shot, 85 returned for the clinical check, and 73 parents submitted completed questionnaires.

Total results for the entire Health Unit were 1018 injections, 518 follow-ups and 273 completed questionnaires.

Dr. Luck's report termed the response "excellent and far exceeding the most optimistic estimates."

Library Meeting Next Wednesday

The annual meeting of Terrace Library will be held Wednesday, January 18, at 8:45 p.m. in Terrace library building. All interested persons are urged to attend.

The past year has been an important one in the life of the library. Board members have been actively engaged in Terrace Centennial project — library-museum tourism building. The project is now under construction at the corner of Kalum Street and Park Avenue.

The 1967 board of directors will have the opportunity of setting up the library under new modern conditions, with more space for expansion.

A splendid new stage coach was built in Victoria in 1865 for use by travellers to the Cariboo gold towns.

Job's Daughters Ceremony

ELECTED AND APPOINTED 1967 officers of Bethel 53 International Order of Job's Daughters installed at a special ceremony on Saturday evening, January 7. (staff photo)

About 150 persons attended the impressive installation ceremony on Saturday night, January 7, in Cassie School auditorium when Miss Carol Ann Kerman was crowned Honoured Queen of Bethel 53 International Order of Job's Daughters for 1967. Queen Carol is the daughter of Mr. and Mrs. Ralph Kerman of Terrace.

The installation was under the direction of Mrs. Donna Harvey, past honoree queen, assisted by Mrs. S. Shaw, installing guide; Mrs. W. McIntyre, installing marshal; Mrs. D. Chappell, installing chap-

lain; Mrs. S. Hill, installing flag bearer; Mrs. M. Haaland, installing musician; Miss V. Miller, installing senior custodian; Mrs. B. Kirby, installing junior custodian; Mrs. J. Macintosh, installing recorder and Mrs. G. Kaulbeck, narrator.

Elected and appointed 1967 officers installed were: Senior Princess: Sally Bush; Junior Princess: Gerry Chappell; Guide: Jane Wightman; Marshall: Linda Bennie.

Appointed were: Heather McLeod, Joanne Miller, Susan Kaulbeck, Norma Dando, Marilyn Kerman, Debbie Houlden,

Robin Elkins, Allison Irvine, Marion Dando, Cathy Macintosh, Adele Donaldson, Brenda Chappell, Brenda Benoit, Gail Smith, Kathie Jefferies, Karen Wright, Judy Gilbertson.

Heather McLeod was soloist for the evening. She sang following the crowning of the new Honoured Queen and after Junior Past Honoured Queen Bonnie Chappell had received her past honoree queen pin. The pin was presented to Bonnie, on behalf of the Bethel, by her father, Doug Chappell.

P.H.Q. Bonnie was also presented with a gift by Linda Bennie, on behalf of her officers.

The newly installed H.Q. Carol was presented with a gavel by her father, on behalf of her family.

Miss Kathy Jefferies, youngest member of the Bethel, presented H. Q. Carol with a bouquet of flowers.

Immediately following the installation ceremonies the newly installed officers participated in a short Addenda entitled, "The Book of Gold."

The evening activities continued in the Elks Hall where dancing was enjoyed and refreshments served.

Husband And Wife Head Local Legion

The Royal Canadian Legion installation of 1967 officers presented a "first" in its history when Sid Sheasby was installed as the Branch's incoming president while his wife, Dorothy, took on the office of president of the Ladies' Auxiliary to the Legion.

Installing officer was Cecil Pitt of Prince Rupert with Wally Swanson acting as sergeant-at-arms.

Nick Nattress is immediate Legion past president with others installed being: first vice — Tom Kenna; 2nd vice — Art Bates; treasurer — Milt Alger; secretary — Poul Boglund (re-elected); service officer — Wm. Griffiths; Sgt.-at-arms — Wally Swanson; executive officers — Ken McKay, Jack Sharples, R. Taft; Oliver Baxter and Gerry Potter. Other auxiliary officers: 1st vice — Mrs. Lois Tutt; 2nd Vice — Adele Westover; treasurer — Mrs. M. Rossiter and secretary Diane O'Brien.

Captain William S. Clarke, Salvation Army evangelist for Western Canada will be in Terrace January 17 to 22 at the Salvation Army Citadel on Greig Avenue.

He will appear nightly beginning at 7:30 each evening.

Captain Clarke has only two percent eyesight and received his education at the Ontario School for the Blind. In expounding the Scriptures he uses a Braille Bible.

He is a forceful preacher as well as an accomplished Gospel musician and vocalist.

A cordial invitation is extended to all to attend the special evangelistic meetings during the Captain's visit to Terrace.

Terrace Nurse Weds In South

Mr. and Mrs. John E. Cook of Terrace are pleased to announce the marriage of their only daughter, Marilyn, to Mr. Robert James Dahl. The wedding took place Saturday, November 12 at the Church of St. Andrew, C. F. B. Esquimalt. The couple made a trip to Seattle, Washington on their honeymoon.

Mrs. Dahl, who is a graduate of Skeena Secondary School, also graduated from Royal Jubilee Hospital in Victoria as a registered nurse.

Mr. Dahl is with the Royal Canadian Navy at Esquimalt. They make their home at 202, 1878 Fort Street, Victoria, B.C.

Mr. and Mrs. Cook attended the wedding in November.

Around The Town

Mrs. F. R. Wilson, former Terrace resident is the house-guest of Mrs. Ida Robinson of Park Avenue during January. While visiting here Mrs. Wilson will renew acquaintances with many of her old friends in the area.

CRADLE ROLL

The following births were recorded in Mills Memorial Hospital:

Mr. and Mrs. Barroll Jones,

January 5, a daughter.

Mr. and Mrs. Ralph Wright,

January 6, a daughter.

Mr. and Mrs. Fred Read,

January 6, a daughter.

Mr. and Mrs. Gottlieb Binner,

January 6, a son.

Mr. and Mrs. Michael Adam,

January 8, a daughter.

Mr. and Mrs. Fernando Pires,

January 9, a daughter.

Mr. and Mrs. Donald Julseth,

January 10, a daughter.

Mr. and Mrs. Bernard

Champoux, January 10, a

daughter.

Mr. and Mrs. Gerhard Goss,

January 11, a daughter.

Bartlett Rink Wins Diamond D

A rink skipped by Mrs. C. Bartlett, came out on top in the annual "Diamond D" ladies curling playoff held in Terrace curling rink last week.

The Bartlett rink will now progress to zone playoffs in Kitimat.

Three rinks were entered in the Terrace action. They were skipped by Mrs. J. Olson, Mrs. Ron King and Mrs. Bartlett.

Curling in the victorious Bartlett rink were Mrs. R. Beckley (third), Mrs. F. Skidmore (second) and Mrs. D. Kroetsch (lead).

ART BATES' TK RADIO's national sales manager, sports a sprouting centennial beard in aid of one of the "hairiest" contests ever, in the tall totom country. Art has originated a giant "pancake breakfast" with the co-operation of local sponsors and national advertisers to be held this Saturday at Terrace Community Centre. Eating starts at 8 a.m. and continues until 10 a.m. Everyone is invited and proceeds will go to the Terrace Air Cadet squadron. Anyone sporting a centennial beard, or portion thereof, will be entitled to extra hot cakes.

PROJECT '67

On January 17, 1965, a U.S. Air Force B-52 carrying four hydrogen bombs, each capable of destroying a city, collided with a refuelling tanker over the Mediterranean coast of Spain near Almeria. Three of the bombs landed on Spanish soil, scattering their debris over lush tomato fields; the fourth fell into the sea near Palomares. The incident, and its effect upon the Spanish people, read like something out of Ian Fleming.

On the second anniversary of this dramatic event, Project '67 recalls the Silent Spring in Palomares, to be broadcast on TK Radio at 11:03 this Sunday. Canadian freelance broadcaster Barbara Greene visited the area soon after the incident and, with the aid of a translator, interviewed some of the people of Palomares where the search for the missing bomb was concentrated. The words of the villagers are spoken by country people whom Miss Greene found in England upon her return. They present the reactions of the Spanish inhabitants with the same simplicity and sense of bewilderment.

RADIO RASCALS

A new feature has been added to TK's Radio Rascals Program heard each Saturday morning at 10:00 a.m. The Rascals attending the show at the Community Centre bid for articles being auctioned, using Terrace Co-op labels instead of money, high bidders can find themselves in possession of everything from dolls to bikes. Rascals are invited to be at the Community Centre each Saturday morning by 9:45 with their labels, worth two points each, and bid on the articles of their choice.

DIAL-A-DISC

This popular program continues to gain interest with Bryan Evans hosting each week night session between 7:00 p.m. and midnight. You're asked to phone in your requests Monday thru Friday at either 9:00 a.m., 2:00 p.m., 4:00 p.m., 9:00 p.m. or 10:00 p.m. At each time the phone lines are open for five minutes. When you call, identify yourself, name the musical selection you would like to hear and then give the name of the artist who performs that selection, then listen for your disc the following evening between 7:00 and midnight.

PACIFIC NORTHWEST HOCKEY

January 21 and 22 the Hazelton Clippers visit the Kitimat Merchants. Cam Lane will call the play-by-play Saturday at 9:00 p.m. and Sunday at 2:00 p.m. Live hockey action from the Kitimat arena on TK Radio.

CENTENNIAL MEMO

New Westminster school in 1865 was a cabin large enough for 21 pupils but attended by 54. The colonial government's estimates that year allowed £250 for a new schoolhouse and £200 for a new town clock. The British Columbian urged a 25,000 100-pupil school.

Daily Timber Shows Planned For Expo '67

The sound of the woodman's axe will be heard in La Ronde and birlers will trip the light fantastic on Dolphin Lake during Expo 67 to be held in Montreal in 1967.

Chips will fly and loggers will climb poles during Timber Shows to be given daily in the La Ronde amusement park on Ile Sainte-Helene from opening day on April 28 until closing day on October 27.

Jube and Ardy Wickheim of Sooke, B.C., "world champion birlers since 1955," have signed a contract with the Canadian Corporation for the 1967 World Exhibition (Expo 67), undertaking to produce the shows as part of Expo's free entertainment program to be presented in La Ronde.

The shows will take place in Pioneerland and within a boom on adjoining Dolphin Lake, and will consist of four events, each five minutes long.

The contract defines the Timber Show as one "consisting of a display of prowess in the arts of logging and woodcraft including Choppers, Buckers, Climbers and Birlers to be presented four times each day of the week during the Exhibition with three shows during the daylight hours and one show at night in accordance with the program, plus such other and special performances for the press or otherwise as may be mutually agreed upon."

For those whose wood lore may be a bit rusty, birlers are logrollers, choppers are "lumbermen or loggers displaying the art of felling or trimming trees by means of an axe," and buckers display the art of sawing.

Nine championship calibre loggers will be on hand for each show, with six actually performing: two as choppers and buckers, two as birlers and two as climbers. The other three will serve as stand-bys. The choppers will race each other chopping through a log one foot in diameter.

The birlers will vie with each other in treading a 13-foot log with an 18-inch diameter within the boom. The aim will be to remain on the log without crossing a red line painted around its centre. The first birlers to fall twice into the water is the loser.

In the bucking contest, the two loggers saw a 2-inch disc from a log 20 inches thick, using a handsaw. The climbers will race to the top of 120-foot climbing poles, ring a cowbell hanging there and race earthwards again. But they may not make a shortcut free fall of more than 10 feet on the return trip.

As an added attraction, the contract provides for the Corporation to produce up to 10 guest loggers from foreign countries participating in Expo

to compete against the show team.

A bilingual announcer will describe the shows in French and English over a PA system.

The contract calls for the Corporation to provide the producers and loggers with "suitable facilities for washing, changing and resting between shows." These facilities will of course include a clothes drying machine for the use of unlucky birlers.

Montrealers will have to go to the Exhibition to see this free fun-filled show. The Wickheim brothers have agreed not to "present Timber Shows within the City and District of Montreal without the approval of the Corporation" from April 1 until October 28th, 1967 both inclusive."

What's In A House

CHIMNEYS (I)

The performance of the heating unit in any dwelling is governed largely by the adequacy of the chimney to provide draft and to carry off smoke and gases. Of basic importance is the size of the flue which is the open shaft inside the chimney.

The flue must be of sufficient size to meet the draft requirement of the furnace. Flues should never be less than eight and a half inches square or seven inches in diameter. Flues lined with glazed clay tile permit smoke to escape easily. If the lining is omitted and the sides of the flue are rough, the flow of gas and smoke from the furnace will be impeded and this in turn could reduce the efficiency of the heating unit.

Care should be taken to break all horizontal joints between the tile mortar beds and the mortar beds of the brickwork. Where a chimney has two flues they must be separated by a brick wythe between each flue liner. They should extend from the top of the chimney to the apex of the smoke chamber in a fireplace and to eight inches below the flue pipe connection of a furnace.

In any house no frame work should be within two inches of the chimney and this space should be fire stopped with metal built into the brickwork by the mason. A well built and nicely proportioned chimney can give aesthetic value to a house.

A CENTENNIAL FEATURE

Our Founders...

JOHN ANDREW MARA

Many a man followed the footprints of John Andrew Mara, but few made so many. When he came west, he walked most of the way.

He was born in Toronto in 1840 and educated there and he was still a young man when he set out for the riches of the Cariboo with the famous Overlanders, the pioneers who trekked with oxen across the prairie. Mara always claimed he walked alongside the slow-moving wagons.

Maybe it was to rest his poor feet that he went into steamboating when he reached Kamloops. He then worked as a miner at French Creek in the Big Bend rush but couldn't have been too successful. It is recorded that when he gave it up and came to the coast, he hiked over Seymour Mountain on snowshoes.

His experiences didn't sour him however. He loved the new land of the west. He was a fine speechmaker and a handsome man with a black beard and so fanatical about confederation that politics soon appeared to be his destiny. He was elected to the provincial legislature in 1871 representing the Kootenays and later was returned as member for Yale and he was speaker between 1883 and 1888. Later he won a federal seat and held it until 1896.

Defeated in politics that year he resolved to build a ship to carry freight to the Klondike miners. In 1898 he brought his wife and two daughters to Vancouver and there the Stikine Chief was launched, a river sternwheeler that required a tug to take it north to Wrangell. But the tug parted and his

ship sank and he returned to settle down in Victoria. There he was active in the Board of Trade, Royal Jubilee Hospital, the Anti-Tuberculosis Society and the Union Club until his death in 1920. (B.C. Centennial Committee.)

PORTABLE HEAT FOR SALE OR RENT

Plug in a Master Heater and you get 75,000 to 500,000 BTU/hr. of circulated heat instantly, depending on model... to warm, dry, or thaw anything. Master Heaters run on kerosene. Master Heater come in vented, unvented, and thermostat-equipped models. Rent one... and we'll credit your fee against the price if you decide to buy it.

ROYAL CANADIAN LEGION

Dispatch

by Paul Bogelund

Legion activities for 1967 got off to a good start with the installation of officers on Friday, Jan. 6th, on the Legion premises.

Immediate Past President, H. D. Nattress, gave a brief resume of Branch activities during 1966 before turning the meeting over to the Deputy Zone Commander, Comrade Cecil Pitt from Prince Rupert, as the installing officer.

Co-operation between Branch No. 13 and its Ladies Auxiliary should reach a new high this year under the guidance of a husband-wife team, in that Sid Sheasby was installed as president of Branch No. 13, while Mrs. Dorothy Sheasby was installed as president of the Ladies Auxiliary. As a token of this continued co-operation, Mrs. Sheasby presented Mr. Sheasby with a cheque for \$500, saying "To be used wisely and well by Branch No. 13."

Have no fear ladies, the money will be used to the best possible advantage for both organizations.

Following the completion of the installation, the party continued until the legal closing time.

We are very happy to announce that Karen Mudie from the Uplands School won first prize in the junior grade in the Zone Remembrance Day Essay Contest; Karen's essay will now be entered in the Provincial contest and we wish her the best of luck. Congratulations also go to Margaret Claus from Cassie Hall school. Her essay won second prize in the zone contest.

To all members of "TK staff" — the Legion will not let you down. It is rumored, and actively supported by fact that several Legionnaires are planning to enter the Beard Growing Contest. This is one activity where we must forego the co-operation of the Ladies Auxiliary.

"13" for now — see you next week, with whiskers.

Surprise Shower For Yule Gower

Coming home for Christmas brought more than the usual run of surprises for Mrs. A. Knudson, daughter of Mr. and Mrs. Fred Hawley of Terrace. While visiting here with her husband, Mrs. Knudson was the honored guest at a surprise baby shower held on the evening of December 29 at the home of Mrs. Floyd Anonson.

The Knudson's first child is expected sometime during January. Mrs. Knudson is a former Terrace girl and is well known in the community. Following an evening renewing acquaintances the ladies were served a delicious luncheon and the guest of honor presented with a useful and varied array of baby clothing.

Those present were Mrs. N. Gillis; Mrs. S. Lutz; Mrs. F. Munson; Mrs. J. Almgren; Mrs. E. Cowden; Mrs. F. Anonson; Mrs. F. Hawley; Mrs. A. Draves; Mrs. C. Taylor; Mrs. D. MacDonald and Mrs. J. Doll of Pentiction.

In 1885 the estimates of the colony of British Columbia contained an allowance of \$1,000 for schools and \$3,880 for the keep of prisoners.

Weekly Sermon

"THE BIBLE SAYS"
By Rev. H. J. Jost

A University president has said "I believe a knowledge of the Bible without a college course is more valuable than a college course without the Bible."

God's word says "Heaven and earth shall pass away, but my word shall not pass away. Matt. 24:35 "Forever O Lord Thy Word is settled in heaven." Psalm 119:89.

Then we read something about the exaltation of the Word of God, in Psalm 138:2 "For thou has magnified Thy Word above thy name. The Bible has nothing good to say about man yet it is good for man. It is light for understanding. Meat for strengthening in our spiritual lives. Mirror for our self knowledge, gold for our enrichment.

The Bible says "All have sinned and come short of the glory of God. There is none righteous, no not one. There is none that understandeth there is none that seeketh after God. Romans 3:23; 3:10-19.

Read the above scripture and you will find fourteen horrible things recorded about man. In verse 19 you find man guilty before a Holy God. The Bible says "Neither is the salvation in any other for there is none other name given among men whereby we must be saved." Acts 4:12.

"But as many as received

Health Tips

Immunization for protection against disease can be attained through a variety of methods, and many immunizations are available today, the Canadian Medical Association reports. The procedures involved in immunization are scratching the skin or vaccinating, injecting a needle through the skin, which is inoculation or drinking a vaccine.

It is important to remember that all immunizations are not equally effective and the benefit obtainable from immunization does not last forever. However, when booster doses are given when required, we can get protection against many diseases.

We can get excellent protection against smallpox, diphtheria and tetanus (lockjaw); very good protection against polio and measles; and while the vaccine against whooping cough is not quite so good, it is very well worth giving to young children. Influenza vaccine is only fair and perhaps should only be given in special cases.

Other immunizations available, usually of interest only to the world traveller, include those against typhoid and paratyphoid fevers, typhus, cholera, plague, yellow fever and many others.

The C.M.C. says the most important diseases we can protect against by immunization in Canada are diphtheria, polio, smallpox, tetanus and measles.

Cribbage League

Resumes Thursday
Terrace Cribbage League will resume play on Thursday, January 12, in Skeena View Hospital recreation room.

A social get-together in December took the form of a Christmas banquet held in the Skeena View Hospital recreation hall.
